Subscription information

Topic Coverage

Metal casting, metal joining processes

- Metrology and computer aided inspection
- Micro and nanomechanics
- Modeling, simulation, and optimization
- Multifunctional and smart materials
- Nanomaterials and nanomanufacturing
- Precision engineering
- Product design and development
- Rapid manufacturing technologies and prototyping, remanufacturing

Sensors for intelligent manufacturing and artificial intelligence

- Soft computing techniques
- Solid mechanics and structural mechanics
- Sustainable and green manufacturing
- Thermodynamics and heat transfer
- Automation, Mechatronics, and Robotics
- Automotive engineering
- Bioengineering materials, biomechanics and biotribology

International Journal of Mechanical and Production Engineering (IJMPE)

Editor in Chief: Prof. S. S. Sawale

About Journal

International Journal of Mechanical and Production Engineering (IJMPE) is a scholarly online, open access, peer-reviewed, interdisciplinary and fully refereed journal focusing on theories, methods and applications in Mechanical and Production Engineering. It is an international scientific journal that aims to contribute to the constant scientific research and training, so as to promote research in the field of Mechanical and Production Engineering

IJMPE welcomes the submission of manuscripts that meet the general criteria of significance and scientific excellence. For this purpose we would like to ask you to contribute your excellent papers in Mechanical and Production Engineering and relevant fields. To submit your manuscript please visit our online submission of our website. I hope you find this journal informative and useful. Your comments will help us to improve the quality and content of the journal.
