Subscription information

Topic Coverage

- Communication and Networking
- Database Systems, Data Warehousing, and Data Mining
- Information Assurance
- Web Services and Technologies
- Software Engineering
- Multimedia Processing
- Mobile and Cloud Computing
- Human-Centred Computing
- Distributed and Parallel Computing
- Programming Languages
- Technology CAD
- Ge Microelectronics
- Integrated circuits manufacturing and Reliability
- Electronic Devices, Compound Semiconductors, Si-Ge Heterostructures
- MEMS and Microsystems
- Solar Cells and Photonics
- Wireless Communication and Sensor Networks
- Optical Communication
- Satellite Communication
- MIMO, OFDM and Smart Antennas
- Image and Video Processing

International Journal of Advance Computational Engineering and Networking (IJACEN)

Editor in Chief: Dr.P.Suresh

About Journal

(IJACEN) is a scholarly online, open access, peer-reviewed, interdisciplinary and fully refereed journal focusing on theories, methods and applications in computer science and relevant fields. It is an international scientific journal that aims to contribute to the constant scientific research and training, so as to promote research in the field of computer science.

IJACEN welcomes the submission of manuscripts that meet the general criteria of significance and scientific excellence. For this purpose we would like to ask you to contribute your excellent papers in computer sciences and relevant fields. To submit your manuscript please visit our online submission of our website. I hope you find this journal informative and useful. Your comments will help us to improve the quality and content of the journal.
