### About Journal:

**International Journal of Advances in Mechanical and Civil Engineering(IJAMCE)** is a scholarly online, open access, peer-reviewed, interdisciplinary and fully refereed journal focusing on theories, methods and applications in Mechanical Engineering and Civil Engineering . It is an international scientific journal that aims to contribute to the constant scientific research and training, so as to promote research in the field of Mechanical and Civil Engineering.

**6 issues/year**

### Topic Coverage

Fluid Mechanics

- Heat Transfer
- Solid Mechanics
- Refrigeration and Air Conditioning
- Renewable Energy Technology
- Materials Engineering
- Composite Materials
- Marine Engineering
- Petroleum and Mineral Resources Engineering
- Textile Engineering
- Leather Technology
- Industrial Engineering
- Operational Research
- Manufacturing Processes

- Hydraulics and Water power engineering
- Geometrics, Geosciences, Remote Sensing, Geographical Information systems
- Application of IT to Civil Engineering
- General Civil Engineering
- Structural Engineering
- Environmental Engineering and its other disciplines
- Highway and Transportation Engineering including shipping, docks, harbor engineering
- Railway Engineering
- Surveying and other verticals.
- Emerging areas of Civil Engineering
